Accepted Papers will be published in UGC Approved Journals.

SCOPE OF THE CONFERENCE

The National Conference on Computing, Communication & Electrical Engineering. The conference will be held at Hyderabad on March 22nd & 23rd 2019. The main objective of this conference is to promote scientific and educational activities towards the advancement of common man's and share ideas in using creativity to theory and practice in various disciplines and sectors related Computing, Communications and Electrical Engineering.

This conference provides opportunities for the delegates to exchange new ideas and application experiences face to face, to establish research relations and to find global partners for future collaboration & business. The organizing committee of conference is pleased to invite prospective authors to submit their original manuscripts in the IEEE format to NC²E (nc2e2019@gmail.com).

ABOUT NNRG

Nalla Narasimha Reddy Education Society's Group of Institutions - An Integrated Campus was established in the year 2009 under the aegis of Nalla Narasimha Reddy Education Society. NNRG's integrated campus within a short period of time attracted the attention of everybody. It acquired popularity because of the sprawling serene lush greenery, retaining the very important aspect of easy access i.e. just 7 Kms from Uppal Bus Depot, Hyderabad. NNRG's integrated campus was established with a noble mission to contribute to the advancement of society and humanity. The mission of NNRES is to contribute and enhance the quality of professional education in India on par with international standards, upholding the tenets of Indian society and culture.

A man with vision and mission, Shri Nalla Narasimha Reddy, Chairman of NNRG, takes utmost interest and closely guides each and every aspect of the institution. It is with immense pride, all those associated with NNRG, express their jubilation and satisfaction for being a part of the Group because of the policies and principles, which are demonstrated in spik and span functioning. The three schools: School of Engineering, School of Management Sciences and School of Pharmacy, headed by Deans are supported by the Director. The cardinal principles of hard-work, discipline and values are imbibed by one and all. NNRG campus has become a second home for students and staff. NNRG is actively engaged in nurturing the young minds for academic and overall excellence.

ABOUT EEE DEPARTMENT

The Department of Electrical and Electronics Engineering has been established in 2009 with core Research and Development in Power Apparatus and Systems. The Department offers full time UG Programme. Sixty students in the UG programme are admitted every year.

The Department comprises of highly qualified and efficient faculty members in which we see an utmost encouragement to the students. Class rooms are well equipped with the latest audio-visual equipment and modern laboratories. The Department provides adequate computing and sufficient library facilities. The Department has a stern Industry- interaction. The Faculty and students participate and publish the papers in reputed journals, National and International Conferences. In order to enhance the quality of faculty, periodic training programmes are being conducted by inviting eminent personalities from Industry and Premier academic Institutions and sponsoring the Faculty for various Faculty Development Programmes.

CALL FOR PAPERS

- ❖ Power System Applications
- ❖ Control Systems
- ❖ Power Semi Conductors & Drives
- ❖ Electrical Machine Technology
- ❖ FACTS & Applications
- ❖ Smart grid & micro grid
- ❖ Energy saving and green IoT Applications
- ❖ Smart electronic systems for solar photo voltaic and other renewable energy sources electric vehicles
- ❖ Telecommunications
- ❖ Microelectronics
- ❖ Digital Synchronous Machines
- ❖ VLSI
- ❖ Digital Signal and Image Processing etc.
- ❖ Innovative and Smart Systems
- ❖ Network computing and cloud computing
- ❖ Simulation of computing systems
- ❖ EIS network technology and software technology comprehensive application
- ❖ The embedded system and application
- ❖ Wireless Ad hoc Networks
- ❖ Intelligent control
- ❖ Computer simulation technology
- ❖ Computing intelligence, large-scale combinatorial optimization problem of high performance algorithm design and analysis
- ❖ The initiative, real-time, mobile database theory and integration technology

★ *Author Information*

All honourable authors are invited to submit paper for the conference themes and topics. Prospective researchers are strongly encouraged to submit paper. Manuscript submission will be closed on March 6, 2019.
